An Unfinished Score-Elise Blackwell 2011-04-08 As she prepares dinner for her husband and their extended family, Suzanne hears on the radio that a jetliner has crashed and her lover is dead. Alex Elling was a renowned orchestra conductor. Suzanne is a concert violist, long unsatisfied with her marriage to a composer whose music turns emotion into thought. Now, more alone than she's ever been, she must grieve secretly. But as complex as that effort is, it pales with the arrival of Alex's widow, who blackmails her into completing the score for Alex's unfinished viola concerto. As Suzanne struggles to keep her double life a secret from her husband, from her best friend, and from the other members of her quartet, she is consumed by memories of a rich love affair saturated with music. Increasingly manipulated by her lover's widow and tormented by the concerto's many layers, Suzanne realizes she may lose everything she's spent her life working for. A story of love, loss, sex, class, and betrayal, this psychologically compelling novel explores the ways that artists' lives and work interact, the nature of relationships among women as friends and competitors, and what it means to make a life of art.

The Green Mummy-Fergus Hume 2021-03-16

An Unspoken Hunger-Terry Tempest Williams 2015-03-18 The acclaimed author of *Refuge* here weaves together a resonant and often rhapsodic manifesto on behalf of the landscapes she loves, combining the power of her observations in the field with her personal experience—as a woman, a Mormon, and a Westerner. Through the grace of her stories we come to see how a lack of intimacy with the natural world has initiated a lack of intimacy with each other. Williams shadows lions on the Serengeti and spots night herons in the Bronx. She pays homage to the rogue spirits of Edward Abbey and Georgia O'Keeffe, contemplates the unfathomable wildness of bears, and directs us to a politics of place. The result is an utterly persuasive book—one that has the power to change the way we live upon the earth.

Cut Me Loose-Leah Vincent 2015-05-12 In the vein of *Prozac Nation* and *Girl, Interrupted*, an electrifying memoir about a young woman's promiscuous and self-destructive spiral after being cast out of her ultra-Orthodox Jewish family. Leah Vincent was born into the Yeshivish community, a fundamentalist sect of ultra-Orthodox Judaism. As the daughter of an influential rabbi, Leah and her ten siblings were raised to worship two things: God and the men who ruled their world. But the tradition-bound future Leah envisioned for herself was cut short when, at sixteen, she was caught exchanging letters with a male friend, a violation of religious law that forbids contact between members of the opposite sex. Leah's parents were unforgiving. Afraid, in part, that her behavior would affect the marriage prospects of their other children, they put her on a plane and cut off ties. Cast out in New York City, without a father or husband tethering her to the Orthodox community, Leah was unprepared to navigate the freedoms of secular life. She spent the next few years using her sexuality as a way of attracting the male approval she had been conditioned to seek out as a child, while becoming increasingly unfaithful to the religious dogma of her past. Fast-paced, mesmerizing, and brutally honest, *Cut Me Loose* tells the story of one woman's harrowing struggle to define herself as an individual. Through Leah's eyes, we confront not only the oppressive world of religious fundamentalism, but also the broader issues that face even the most secular young women as they grapple with sexuality and identity.

This quirky read is hard to put down and spans philosophy, conflict, relationships and romance. Thomas Post is an expert on coincidences. He's an authority. People come to see him, to ask him if he can explain strange events that have befallen them, and he can always explain these things away. We poor humans, he would say, have a tendency to make patterns out of random shapes, or to construct meaning from the random behaviour of the universe. But one day Thomas gets a visit from Azalea Lewis, and his world will never be the same again. For Azalea's coincidences seem to go off the scale. The lives of Thomas and Azalea become entwined, their destinies entangled. And now, with Azalea apparently dead in a foreign land, Thomas must reassemble the pieces of her life in search for the patterns that drove it. And that means he must try to unravel the coincidences that so afflicted her.
